EDUCATIONAL NEWS AND EDITORIAL COMMENT

SEPTEMBER, 1940: An Editorial Committee for the *Elementary School Journal*, Education and the National Defense, Summer Activities of the University of Chicago (The summer workshops conducted on the campus; The work of the summer demonstration schools; A workshop for the rural teacher held in Michigan), Ralph W. Tyler, 1–7; Notes on the Third Annual Reading Conference, Grace E. Storm, 7–12; Evaluating the Work of the School, William C. Reavis, 13–14; League College, Jean Armour MacKay, 14–18

OCTOBER, 1940 (William E. Young): A Word in Explanation or Extenuation, 81; The Place of the Social Studies in Education and Life, 81–83; Education and Social Progress (The America for defense by citizens of this country; "Economic literacy" as a primary educational aim; Economics in the elementary-school curriculums; Conservation excursions and direct experiencing; A source unit for studying adequacy of housing; Helpful workshop report on the social-studies unit; Civil and religious liberties to be taught in schools; The right to learn freely—a function of a democracy; Two sides to the question concerning civil liberties; Teaching democratic living in elementary schools), 83–91; Human Resources and the Child (Making social provision for the five-year-old child; Social concern about the elementary-school child; Equalizing opportunity for education in America; Ability of the American people to support schools), 91–96

NOVEMBER, 1940 (John B. Whitelaw): Elementary Education for the Common Defense, 161–68; Problems and Practices in the Field of Supervision (Criteria for evaluation of outcomes of

supervision; Education of teachers as an aspect of supervision; The place of supervision in curriculum-planning), 168–73

DECEMBER, 1940 (Hilda Taba): Education for Democracy (Goals of education for the democratic way of living; Freedom for personality necessary for democracy; Teaching citizenship for democracy in the schools), 241–45; Materials for Educating for Democracy, 245–46; Administering School Life Democratically (Use of social association in the grouping of pupils; Partnership of teaching staff and superintendent; Democratic approach to community development), 247–51; In Paper Covers (A monthly summary of the important film news; A pamphlet giving some facts about our children; New material on mental hygiene in the classroom; New reports on family research and education), 251–52; Here and There among the Schools, 253–55

JANUARY, 1941 (G. T. Buswell): How Departments of Education May Be of Greater Service to Elementary Schools, 321–23; Testing Study Skills in the Social Studies, 323–25; Reading as a Long-Range Subject, 325–28; New Material for Social Arithmetic, 328–30; Accelerative Program in Clayton, Missouri, 330–31; Visual Aids to Teaching, 331–32; A Menace to the Reading Tastes of Children, 332–33; Evaluating Educational Periodicals, 334–35; The University of Chicago Luncheon, 335–36

FEBRUARY, 1941 (Harry O. Gillet): Cultivating Favorable Public Relations (Giving more purpose to the annual report; Using motion pictures to present school activities; Soliciting aid of parents in educational planning), 401–5; Two Examples of Study Groups, 406–8; Some Unique Materials in Elementary Science, 408–9; Proposed Legislation Pertaining to Health, Physical Education, and Recreation, 409–10; New York City Provision for Released Time for Religious Education, 411; Helps for Developing Understanding of America's Problems, 411–12; Here and There among the Schools, 413–16

MARCH, 1941 (Nelson B. Henry): Education and Economic Progress (Education contributes to general economic welfare; Necessity for economics in educational programs; Kentucky's experiments with applied economics), 481–87; Rules and Regulations of Local School Boards, 487–88; Here and There among the Schools, 488–92; Workshops and Laboratory Schools at the University Summer Session, 493–94; Mental Measurements Yearbook, 495

APRIL, 1941 (William S. Gray): The Role of Reading in a Democracy, 561–63; A State-wide Reading Program, 563–64; Reading at Different Levels and in Different Areas (Prevention of failure in reading in early grades; Reading problems at the intermediate-grade level; The relation of reading to the other language arts), 564–68; Recreational Reading at Reduced Cost, 568–69; Current Events for Adults with Limited Reading Abilities, 569–70; Fourth Annual Conference on Reading, 570–75

MAY, 1941 (Newton Edwards): We the People—What Is Happening to Us? 641–46; The Second Battle for Democracy, 646–49; Materials for Understanding the Structure and Operation of the National Economy, 649–53; A Booklist on Dangers to Democracy, 653–54; A New Attack on an Old Question, 654–55; A Guide to Dental Health for Parents and Teachers, 656

JUNE, 1941 (Glenn O. Blough): Science in the Elementary School (Utilizing community resources in science classes; Conservation of natural resources as an objective; Improving instructional method in science classes; A method of developing a science course of study), 721–27; Opportunity for Experiences, 727–29; Arithmetic in General Education, 729–31; Interpreting the Schools to the Public, 731–32; Association for Childhood Education, 732; Conference of Administrative Officers of Public and Private Schools, 733–34

HERE AND THERE AMONG THE SCHOOLS: The correlation of music with the content subjects (Edith Maxson and Lawrence E. Chenoweth, Bakersfield, California), 253; Using the school environment to improve teaching (Mrs. Carr E. Johnston, Winnona Park School, Decatur, Georgia), 254–55; The teaching of religion in a school in Canada (C. L. Gamble, Brantford, Ontario, Canada), 255; Restating the

objectives of the elementary school (Sallie B. Newman, Jackson, Mississippi), 413; Girls study manual arts while boys learn sewing (Lillian Schlein and Oscar Felden, Cooke School, Detroit, Michigan), 414; Adaptation of workshop procedure by local staffs (Ruby Minor, Berkeley, California, and Worth McClure, Seattle, Washington), 414–16; Suggestions to parents of the preschool-age child (Marjorie Pratt, Shorewood, Wisconsin), 489; School problems studied by parents and teachers (Julius E. Warren, superintendent, and Mildred March, John Ward School, Newton, Massachusetts), 489–90; Keeping the schools open regardless of the weather (H. H. Kirk, Fargo, North Dakota), 491; A teachers' organization to study community life (Fanny J. Ragland, Cincinnati, Ohio), 491–92; A classification plan for the principal's office file (F. H. McKelvey, Theodore Roosevelt Junior High School, Rockford, Illinois), 492
